Frameworks: Flask, Spring, React, Angular, Docker

EXPERIENCE

Coveo Solutions | Software Developer Intern

Montreal, QC

Expected Sept. 2024 – Dec. 2024

Intact Financial Corporation | Software Developer Intern

Montreal, QC

May. 2024 – Aug. 2024

- Contributed to the development of the self-serve application using **Angular** and **Spring** to fully automate customer experience for obtaining quotes

Royal Bank Of Canada | Developer Intern

Montreal, QC

Sept. 2023 – Dec. 2023

- Re-platformed and developed a RESTful API for the Manage Payees feature of the online banking services using **Angular**, **Spring**, **Maven** and **Jenkins** in an agile environment
- Developed an automated feature to raise a GitHub issue when a repository is missing a valid CodeOwners file using the **GitHub API**, **TypeScript** and **NestJS** to encourage all back end developers within the company to adopt best practices
- Performed **Spring Boot** upgrades on existing services to improve performance and security of the features in the online banking services
- Showcased the team's project to key decision-makers, contributing to the project's success from a business perspective

PROJECTS

Crypto Bot | OpenAI API, Python, Flask, HTML, CSS

- Implemented a chat bot leveraging the OpenAI API to fine-tune an NLP model for cryptocurrency-related inquiries
- Facilitated natural language processing to deliver insights on various cryptocurrency statistics topics
- Won the Tower Research Capital LLC. Challenge at McHacks 2023, a competition with hundreds of participants

Reddit Bot | Python, Reddit API

- Developed a spam bot operating as a daemon which is capable of autonomously monitoring and responding to posts and comments on Reddit
- Implemented a randomized message generation feature

LEADERSHIP AND EXTRACURRICULAR

McWiCS | Executive - Hackathon Director

- Lead a team to organize a Hackathon with over a hundred participants
- Coordinate work shops, networking events with sponsors and conduct award ceremony

McGill CodeJam | Web Developer

- Developed a full-stack registration system which allowed hundreds of participants to sign up for the hackathon using **Express.js** and **React**
- Coordinated logistics for a successful hackathon and participated in project judging alongside sponsors

Girls Who Code McGill | Facilitator

- Conducted sessions to students at Sacred Heart High School about the basics of **Python** with the aim of encouraging young women to pursue careers in the tech industry
